

## STATEMENT OF PURPOSE

RS30438 / H0201

Over a third of women in Idaho do not have health insurance prior to pregnancy and do not have access to health coverage beyond 60 days postpartum. This legislation will improve health access for pregnant/postpartum women and infants and ensure 12 months postpartum health coverage for women.

## FISCAL NOTE

The estimated fiscal impact annually to the state general fund is \$6,278,526.00 annually once fully implemented, with a federal match of \$28,731,135 for a total of \$35,009,661.00. It will likely be lower in the first fiscal year as it won't be fully implemented until federally approved.
